REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

At the meeting of the Town Trustees on the 18th of September, 1882, John Christ was elected as town marshall to fill a vacancy in that office caused by the resignation of M. Prebble. Evidently the job was considered a desirable one, for there were no less than six applicants for the position. With the six candidates in the field, Christ proved himself decidedly popular among the Trustees, receiving four out of the five votes.

The fall election of 1882, for the first time in the history of San Mateo county, resulted in a sweeping Democratic victory, that party capturing all but three of the county offices. The three Republicans whose personal popularity was strong enough to overcome the landslide were P. P. Chamberlain, E. Eikerenkotter and G. P. Hartley, respectively candidates of treasurer, auditor and superintendent of schools. Chamberlain's majority for the office which he has held continuously since that date was far less than it has ever been at any election since being but 14, however that was not a bad showing when it is stated that the Democratic candidate for assessor, P. J. Maloney, received a majority of 171. In this town, where both candidates for treasurer resided, Chamberlain received a mojority of 66 over his opponent.

The closing week of November, 1882, witnessed the passing of two men who had been prominent in the early upbuilding of Redwood City. These were J. W. Turner, who had occupied a prominent place in the buisness affairs of the town, and H. N. Nutting, who had been active in more than one branch of the public welfare, having served this community as school teacher, editor, lawyer and public official. The first of these two pioneers to start on his long journey to the Great Beyond was J. W. Turner, whose death occured November 28th, the final summons coming almost without warning. During the day Mr. Turner had been engaged at his trade as upholsterer in the furniture department of the store of Chamberlain & Wilcox. Siezed with the sudden attact, he was conveyed to his home, where medical assistance was summoned, but before the arrival of a physician he had passed beyond human aid. Deceased had been a resident of the town for more than 20 years and stood high in the regard of all.

Less than 48 hours after the death of Mr. Turner, and just as his remains were being conveyed to their final resting place, Horatio N. Nutting responded to an unheralded call of the death angel. Mr. Nutting had been in rather feeble health for some time but felt no alarm up to a few moments of his passing. On the afternoon of the last day of November Mr. Nutting walked down town, passing along Bridge street to Main. Passing Martin Kuck's place he felt unusually fatigued and entered the place to find a seat for a few moments rest. Just as he was passing into the door the funeral procession escorting the remains of Mr. Turner to Union Cemetery passed and he remarked to a friend, "Another one gone." The words were scarcely uttered when he sank into a chair and almost instantly expired. Mr. Nutting was a native of Maine and at the time of his death was but 44 years of age. His education was chiefly obtained at Colby University, in his native state, from which institution he graduated in 1863 and almost immediately started for California. He arrived in Redwood City in 1865 and the same year became principal of the Redwood City public schools. This position he held but a short time when he was elected county superintendent of schools. In the year 1872 he was elected district attorney of the county, a position which he retained for eight years. During considerable of this time he also, was the guiding editorial spirit of the Times and Gazette. While prominent and active in business pursuits, Mr. Nutting found time to devote to social duties and was prominent in the faternal circles of the town, being a member of the local lodges of Masons, Odd Fellows, Chosen Friends and United Workmen.

ILLEGAL TO SHOOT DEER BEFORE JULY 15TH.

In response to the many inquiries with reference to the open season for deer in San Mateo county, District Attorney Swart sumbits the following opinion:

Under existing laws, it will be illegal to kill male deer at any and all times, except a period between July 15th and September 1st. Section 4041, Subdivision 25 of the California Political Code, provides as follows:

> The board of supervisors have power to provide, by ordinances not in conflict with the general laws of the State, for the protection of fish and game, and may shorten the season for the taking or killing of fish and game, within the dates fixed by the general State laws, but shall not lengthen the same.

Pursuant to this provision, the board of supervisors of San Mateo county on September 19th, 1910, by ordinance provided as follows.

> Every person who, in the County of San Mateo, State of California, between the 1st day of October and the 15th day of July of the following year, hunts, pursues, takes, catches, kills or distroys any male deer, or has in his possesson, any dear meat, is guilty of a misdemeanor.

The general law enacted by the legislature of 1911, provides as follows:

> Provided that every person in game districts numbers two, four and five of the State of California, who between the first day of September and the first day of July of the following year, hunts, pursues, takes or destroys, or has in his possession, whether taken or killed in the State of California, or shipped into the State from any other State, territory, or foreign country, any male deer, or any deer meat, is guilty of a misdemeanor.

In so far as the state or general law is in conflict with the ordinance, the state law must prevail, therefore, that part of the ordinance relating to the open season of deer in September, is repealed. The remainder of the ordinance still stands. As a result, under the ordinance the deer season does not open in San Mateo county until July 15th and closes, by virtue of the state law, August 31st.

Should the Board of Supervisor deem it advisable, they can, at their next regular meeting, July 3d, repear the ordinance and thus provide for an open season thereafter. Under the law as it now exists, however, the deer season does not open until July 15th.

BASEBALL PLAYER IS PAINFULLY INJURED.

An accident put a stop to the game Sunday morning between the Excelsiors of San Francisco and the Redwood City Merchants' Club. The score stood 3 to 0 in favor of the Redwood boys when first baseman Hahanan of the visitors was struck on the head by an in-curve thrown by Fox and rendered unconscious. Dr. Taggart was called and after an hour's work the injured man was restored to consciousness. He was taken to San Francisco on the 12:28 train and at last accounts was getting along nicely.

Sunday afternoon at 2:30 the local boys will cross bats with the fast San Mateo Merchants' team of San Mateo.

New Teachers Appointed.

The board of trustees of the grammar school met Monday evening and made the following appointments of new teachers: Misse McEvoy and Roach of Menlo Park, Misses Beeger and Winter of Redwood City, and Miss Durham, a highly recommended young lady from the east. All of the remaining regular corps of teachers will be employed next year. Charles Lorton, the nightwatchman, was appointed probation officer. In the payment of teachers hereafter the board has adopted the merit system, giving the highest salaries to those who have served longest and shown the best results.

Machinist Severely Injured.

M. A. Bain, an employe of the construction company which is putting down the new bitumenized paving near Wellesley Park, was severely injured Monday by the machinery which is used to mix and distribute the bitumen. He was caugh between the drum and cogs and his back was terribly lacerated, although no bones were broken. He was taken to the Huling hospital in this city and his wife, who resides in Oakland, was notified.

DEVELOPMENT ASSOCIATION DEMANDS LOWER RATES.

A delegation from the San Mateo County Development Board was in conference with General Passenger Agent James Horsburgh Jr., in the offices of the Southern Pacific Company in San Francisco Tuesday relative to the commuters' rates between San Francisco and various points on the peninsula.

The committee, which was composed of W. J. Martin, H. C. Tuchsen, Charles M. Morse, Asa Hull, H. N. Royden, Fred H. Green, S. D. Merk, J. M. Curtis, G. D. Martin, D. R. Staford and Wm. Brown, introduced facts and figures to show that commuter' rates is excessively high.

What the commuters want is a lower rate to South San Francisco, San Bruno, Burlingame, San Mateo, Belmont, San Carlos, Redwood City, Fair Oaks and Menlo Park.

Horsburgh promised the committee to take the matter up immediately with Traffic Manager Fee and other officials of the road, and give the development board a definite answer in a few days. Yesterday a committee from the board conferred with the Spring Valley officials with a view of securing an adequate water supply for San Mateo county.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

KEEP UP THE SPIRIT.

While there is to be no public celebration of the Fourth of July in this city, some observance of the day which marks the birth of the nation should be made by every citizen. The day is one which no true American can afford to let pass without some special notice, both as a mater of personal pride and patriotic duty.

Marking as it does one of the greatest epochs in the history of the world, the birth of a nation unique both in the method of its formation and the broad humainitaria principles underlying its foundation, the event is one which must for all time attract the attention of the entire world. No nation has as much right to be proud of the circumstances of its foundation and the history of its establishment as has this of ours.

At the same time the duty of observance of the day goes far beyond the mere matter of personal pride of citizenship. It is by this means that we can best inculcate in the minds and hearts of the young that spirit of true patriotism upon which the nation can best rely for its permancy and prosperity. It is the spirit engendered by these lessons which will lead our people in the future, as they have done in the past, to lay aside both personal and sectional differences in the time of the nation's need and unitedly rally to her support.

EXCELLENT SHOWING MADE AT SHAREHOLDERS' MEETING

The twenty-first annual meeting of the shareholders of the San Mateo County Building and Loan Association was held on Monday evening last, at which 2104 shares were represented. The annual report of the association, accompanied by the affirmative reports of the auditing committee and expert thereon were presented and approved, the same board of directors and officials were re-elected as follows: President, P. P. Chamberlain; vice president, Dr. J. L. Ross; secretary, George W. Lovie; treasurer, First National Bank; attorneys, Ross & Ross;, finance committee, A. D. Walsh and H. W. Schaberg; security committee, James Crowe, Asa E. Hull and Cornelius Cullen.

The resources of the association, $276,214.21, an increase of $25,000 for the year with the annual dividend of eight per cent was highly appreciated by the shareholders present and a vote of thanks and confidence in the management was unanimously adopted.

A new series of stock was opened for subscription to be known as number seventy-five.

splendid Entertainment

A splendid audience greeted the entertainment given at the Alhambra Thursday evening for the benefit of St.Margaret's guild, the young lladies' organization of St. Peters church. That the entertainment presented was thoroughly enoyed was evidenced by the hearty applause which greeted evry member of the program. Certainly the young people of San Mateo who presented the amusing and thoroughly enjoyable little playlet are to be congratulated both upon the ability shown and the care bestowed upon its preparation. Especially good were the songs and recitatjons which preceeded the presentatio of the play.

Following the entertainment the floor was cleared for dancing and the younger follks enjoyed this additional pastime thoroughly to excellent music urnished by Jamieson's orchestra. As an enticing relief from the warm atmosphere of the room the dancers were served with ice creamby the members of th guild. The young ladies of St. Peter's church fullly appriciate the kind assistance of the members of St. Margaret's Guild of San Mateo in their efforts to secure a fund for the erection of a guild hall, a need that has long been felt by the members of this parish in their work for the church.

New Inheritance Tax Law.

The new inheritance tax law passed by the last legislature goes in to effect today. By the provisions of this act widows and minor children are exempted in the sum of $24,000 each, Brothers, sisters or descendants of either $2,000 each. These exemptions are much greater than under the old law. The new law also provides that the state controller shall appoint inheritance tax appraisers for each county of the state. The superior court in naming appraisers for estates shall appoint one of these inheritance tax appraisers to act in conjunction with the others in order that the state's interests may be safeguarded. State Controller Nye has appointed H. W. Schaberg, who has been acting in that capacity for some time past, and Fred Chilcott, secretary of the Abstract of Title Company of this city as state appraisers.

QUIET CHURCH WEDDING PARTY

Intimate Friends Witness Nuptual Union of Prominent Young People

In accordance with the beautiful and impressive ritual of the Episcopal church, Miss Mura Wilcox and Wm. T. Davis were united in marriage at St. Peter's Episcopal church last Sunday evening, the ceremony being performed by Rev. A. B. Chinn of Menlo Park, an especial friend of the bride. In accordance with the wishes of the young people the ceremony was a quiet one, only the members of the families and a few very intimate friends being present.

The decorations of the church, while simple, were most appropriate and enticing. With the exception of the altar, sweet peas, both white and pale pink, twined with smilax, were effectively used, while the altar was banked with brides roses. The bride entered the church on the arm of her mother, Mrs. E. P. Heise, who was her only attendant, she was received at the altar by the groom, who was unattended. After the ceremony the bride and groom left the church amid the congratulations of the assembled families and friends and entering their carriage proceeded to the home of the bride where a wedding repast was served. Later in the evening Mr. and Mrs. Davis took the train for Los Angeles where a short honeymoon was spent. Mr. and Mrs. Davis will make their home in San Jose, where Mr. Davis is connected with the newspaper business.

The bride is one of the most popular young ladies of this city, where she has spent her entire life. For some years she has been numbered among the most active workers of St. Peter's parish and she will be missed from the congregation and its kindred organizations. For several years the groom was also a resident of this city and numbered a large circle of friends.

Chinks Must Pay for Bones

Judge Buck on Thursday denied the petition of Attorney Hoff Cook for a writ of habeas corpus for the release of Lee John, a Chinese grave digger who was arrested last week for violating the county ordment and removal of human reinance relating to the disintermains.

The action of the court practically upholds the legality of the local ordinance, which the attorneys for the Chinese six companies declare was in conflict with the state law. The county ordinance provides for a tax of $10 on each body removed, and its enforcement will bring a large sum of money to the county when the Six Companies disinter 1,700 bodies of Chinese for shipment to China.

Cook and his accociates, representing the Chinese, will take their case to the higher courts.

County Auto Law Bad.

Judge Buck. on Thursday decided that San Mateo county's automobile speed ordinance was invalid, basing his decision on the fact that the ordinance was indefinite, particularly as to the hghways and the roadways of the county.

The rdecision was rendered in the habeas corpus case of J. Shaw, chauffeur for Abner Weed, millionaire lumberman of Siskiyou county, which he represented recently in the state legislature.

Shaw was arrested six weeks ago and fined $25 by Justice of the Peace H. W. Lampkin. Weed spent considerable money in fighting the

NO REASON FOR IT

When Redwood City Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Redwood City citizen says:

Fred Haussler, 101 Stambaugh St., Redwood City Cal., says: "My kidneys were disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often result seriously if allowed to go unchecked. I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store and their use completly removed my trouble. In July 1907 I publicly testified in praise of Doan's Kidney Pills and at this time I gladly confirm that statement. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."

COUNCIL AWARDS TWO CONTRACTS

Work Will be Commenced on City Hall Building and Concrete Bridge

RAILROAD FRANCHISE IS SOLD

Judge Fitzpatrick Secures Right of Way for Local Electric Road Without Competition

Contracts for two important public improvements, aggregating an expenditure of $15,136.50, were let by the city council at its meeting last Monday evening, and as soon as the contracts can be signed the public will see actual work commenced on the new city hall and the concrete bridge in Center street. The meeting was attended by all of the trustees, while public interest in these two enterprises as well as in the disposition of the franchise for the projected local street railway was manifested by the large attendance of spectators who crowded every available space of the little lobby of the council room.

The disposition of the railroad franchise occupied but a very short time, but one bid being presented. This was from Judge E. F. Fitzpatrick, the original petitioner, who made an offer of $100. After this bid had been read by City Clerk Plump, Mayor Merrill constituted himself the official auctioneer of the council, but no amount of eloquence on his part could induce an opposing bid, and a privilege that may some day be considered of immense value was knocked down for just 100 plunks. After the award had been made to him, Judge Fitzpatrick addressed the council, urging that no unnecessary delay be made in preparing the ordinance specifying the restrictions under which the franchise is to be granted. Following a short discussion, the work of preparing the franchise was referred to the committee on public works, which is composed of TrusteesHynding, Brown and Beeger, to report at the regular meeting meeting July 17th.

The only bidder for the bonds of street improvement district No. 15 was the California School of Mechanical Arts of San Francisco, which made an offer of par and accrued interest. A resolution was adopted ordering the sale of the bonds in accordance with this bid.

For the construction of the new city hall building there were five bids, three of which were below the estimate of the architect. But one local firm made an offer for the work, this being Donnelly & Waller, whose bid was $10,985. The other bids, all from San Francisco firms, were as follows: R. A. McLean, $10,850; B. J. Duffy, $12,974; G. F. Walker, $12,035; Andrew Wilke Co., $11,865. Apparently the trustees were loth to see the contract go to an outside firm and there was some little hesitancy before a motion was made by Trustee Hynding to award the contract t R. A. McLean. This received the second of Trustee Brown and was carried by a unanimous vote.

While but three bids were offered for the construction of the bridge in Center street, the figures showed a greater divergance in the estimates of contractors. Charles P. Nott of Palo Alto offered to build the bridge complete for $4,286.50, while T. C. Rice made a bid of $5,175, and Harry B. Morey of Menlo Park wanted $5,936 for the same work. The contract was awarded to Mr. Nott without hesitation.

Chairman Merrill reminded the trustees that at the time of making the award in the competition for plans for the new municipal buildnig, Architect E. P. Antonovich, one of the successful competitors for plans for the new municipal building. Architect E. P. Antonovich, one of the successful competitors, had declined to receive his premium until the correctness of his estimate had been determined by the figures of the contractors. As the contracts had now been let for a considerably lower sum than the estimate, a warrant for the $150 due was ordered drawn in favor of Mr. Antonovich.

Chairman Sampson of the fire department committee reported that in accordance with the instructions of the council he had procured insurance on the apparatus of the electric fire alarm system to the amount of $2000 and presented the policies. The action of Trustee Sampson was approved and warrants ordered drawn for the amount of the premium, $66.

Chairman Merrill called the official attention of the trustees to the fact that McGarvey, Hess and Kreiss, the contractors for the street work in district 13 and 14, had failed to complete the improvement, although the time fixed in the contract had elapsed. Inn calling attention to the remissness Chairman Merrill took occasion to administer a rather caustic rebuke to the contractors, suggesting that they be cited to appear and show cause why their bondsmenn should not be held responsible. In the course of his criticism Mr. Merrill admitted that in his opinion there was at least some justification for the complaint of the property owners of the district which had aroused the fire of the trustees at its last meeting. None of the members of the firm were present at the meeting and after some discussion Clerk Plump was directed to cite the contractors to be present at the next meeting to offer their explanations.

A suggestion that it would probably be necessary to pay $5 per day as salary for an inspecter during the construction of the city hall and the bridge on Center street brought an emphatic protest from Trustee Hynding, who strongly insisted upon a greater economy in this direction, citing the fact that competent supervisors of such work were secured by the county for a salary not exceeding $3 per day. He urged that an abundance of men competent for the position could be secured for about this figure and counseled deliberation in the selection of a superintendent of this work was referred to Trustee Brown ith a request that he report his recommendation at the next meeting.

An ordinance drafted by a committee of the Board of Trade making a number of amendments to the present general license ordinance was presented and given its introductory reading. While several increases are made in existing rates the ordinance is drafted with a view to the protection of local business. The ordinance will come up for final action at the next meeting of the council.

Clerk Plump was directed to advertise for bids for the removal of a number of trees on the site of the city hall and the roadway of Center street, the bids to be submitted next Monday evening. The work will be under the direction of Trustee Hynding, chairman of the committee of public works.

"Mr. Bob" a Success.

The entertainment given in Parochial hall last Tuesday evening was one of the most successful ever taken place in Menlo Park. The hall was packed to the utmost and a great many were unable to secure standing room. A large sum was realized which was for the benefit of the parochial school. "Mr. Bob," which was the title of the play, was cleverly presented by a cast composed of the young folks of Menlo Park. Miss Edna Crane was exceptionally good as Patty, the maid with theatrical aspirations.. She took off her part like a professional and surprised her friends by her rare talent. Leo Duff took the part of Robert Brown, the clerk, who went wrong. Young Duff proves a drawing card for any play in which he appears. He is as clever as a comedian, bright, witty and never fails to make a hit with his audience. Mrs. J. J. Downey, as Rebecca Luke, a maiden lady, presented her part cleverly and demonstrated her ability as a finished actress. Howard Crane, as Jenkins, the butler, provoked all sorts of fun by his troll and comic acting Miss Cecelia Hodgdon displayed much talent as a Thespian by taking the part of Katherine Rogers, Miss Rebecca's niece. Augustine McCollough, as Philip Royson, showed splendid preparation as his part was a difficult one and he did well. Miss Cecelia Carleton proved herself to be an accomplished actress in taking the part of Marion Bryant, Katherine's friend. Fully $250 will be the prcoeeds of the play.

Menlo Sure Dry Now.

The supreme court renedred a decision in the Menlo Park saloon case Wednesday, upholding the act of the legislature which prohibits the sale of liquor one and one half miles of the Stanford University or any other such college. That tribunal confirms the decision of the lower courts.

The case on which the decision is based was begun in Judge Hannon's court a year and a half ago, from which it was carried through the Superior Court, the Court of Appeal and finally to the highest tribunal of the state, in each court receiving an adverse decision.

Ross & Ross of this city represented the state in all stages of the proceedings while the saloon men were represnted by Attorney Thomas and Jas Lannigan. The supreme court decision was unanimous, there being no dessenting opinion.

The Menlo Park saloon men, whom the decision affects, have, on the advice of their attorneys, agreed to obey the law and last evening closed their places of business. They will make no further contest. The majority of them will engage in other pursuits.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who ownes any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.
